

RITEEK RAJ TIWARI

Location: Motihari, Bihar — **Phone:** +91 6201796816 — **Email:** tiwaririteek429@gmail.com

GitHub: github.com/tiwari369 — **LinkedIn:** [linkedin.com/in/riteek-tiwari-0323a5361](https://www.linkedin.com/in/riteek-tiwari-0323a5361)

GATE 2025 and GATE 2026 Qualified - Computer Science and Information Technology

Summary

Computer Science undergraduate with strong academic performance and GATE-level understanding of core Computer Science subjects. Hands-on academic project experience in Machine Learning, Computer Vision, face authentication, liveness detection, and basic frontend development. Comfortable with theoretical concepts, documentation, project coordination, and building practical ML-based academic applications.

Education

Mahatma Gandhi Central University, Motihari, Bihar Oct 2022 - July 2026
Bachelor of Technology in Computer Science and Engineering CGPA: 9.39 / 10

A.K.R.R. College, Motihari 2020 - 2022
Senior Secondary Examination, Science Stream Overall: 82.4% ; PCM Aggregate: 85%

Modern Public School, Motihari 2019 - 2020
Secondary School Examination Percentage: 88.8%

Technical Skills

Core CS Subjects: Operating Systems, DBMS, Computer Networks, Data Structures, Algorithms, TOC, COA, Digital Logic, Discrete Mathematics

Programming: C, C++ Basics, Python Basics

Machine Learning: Scikit-learn, Pandas, NumPy, XGBoost, SVM, Random Forest, Logistic Regression, Data Preprocessing, Model Evaluation

Computer Vision: OpenCV, Face Recognition, CNN-based Anti-Spoofing, Blink Liveness Detection, Image Preprocessing

Web Basics: HTML, CSS, Basic Frontend Development, Flask Basics

Tools: GitHub, VS Code, Google Colab, Jupyter Notebook, Overleaf, MS Office

Projects

Robust Face Authentication System with CNN-Based Anti-Spoofing [GitHub Repo](#)
Team Lead — Python, OpenCV, CNN, Liveness Detection, Django, SQLite

- Built a secure biometric attendance system using face authentication, blink liveness detection, and CNN-based anti-spoofing.
- Added dashboard support, student records, and automated attendance output for academic demonstration.
- Achieved 95.2% recognition accuracy and 99.6% spoof rejection during project evaluation.

Student Stress and Burnout Prediction System [GitHub Repo](#)
Machine Learning Developer — Python, XGBoost, Flask, Scikit-learn

- Built a machine learning model to predict student stress and burnout risk using structured data.
- Compared SVM, Random Forest, and XGBoost models; achieved 93.64% accuracy using XGBoost.
- Integrated the trained model with a simple Flask-based prediction interface.

Autism Prediction ML Web App [GitHub Repo](#)
Machine Learning Developer — Python, Flask, SVM, XGBoost

- Developed a Flask-based autism prediction app using multiple machine learning classification models.
- Applied preprocessing, feature scaling, model comparison, and Joblib-based model saving.

EchoBeats - Music Streaming Platform [GitHub Repo](#)
Team Contributor — Frontend Support, Testing, Documentation

- Contributed to a team-based music streaming platform with authentication, playlist, and playback features.
- Assisted in frontend workflow, testing, debugging, documentation, and project presentation.

Experience and Training

- **Short-Term Training - C-DAC Patna:** Completed AI and Data Science using Python training from 6 April 2026 to 15 May 2026.
- **Full Stack Development using MERN - C-DAC Patna:** Completed training in MongoDB, Express.js, React.js, and Node.js.
- **Virtual Internship - C-DAC Noida:** Completed Ethical Hacking and Penetration Testing program focused on network security fundamentals.
- **Skill Development Course:** Completed 3-month Computer Applications course under NABARD sponsored skill development program.

Certifications and Achievements

- Qualified **GATE 2025 and GATE 2026** in Computer Science and Information Technology.
- Completed **Digital Financial Security Certification** by MeitY and C-DAC.
- Attended **Upskilling the Digital Workforce** workshop at Central University of Jharkhand.
- Attended 3-day **Entrepreneurship Awareness Camp** sponsored by DST-NSTEDB, Government of India.
- Secured **1st Rank in 200m Race** at University Athletic Fest 2024.
- Secured **2nd Prize** in Science Exhibition for Water Dam project.

Leadership and Responsibilities

- **Class Representative:** Coordinated between faculty and students for academic communication and departmental activities.
- **Project Team Lead:** Led the major project team for the face authentication and anti-spoofing attendance system.
- **Debate Participant:** Participated in college-level debate activities, demonstrating communication and analytical thinking.
